

**SPE Detroit Technical Program  
IACMI-The Composites Institute, Vehicles Scale-Up Facility at  
Corktown  
1400 Rosa Parks Blvd Detroit, MI 48216**

**Topic: Large Scale Plastic Demonstration facility**

**Speaker / TBD**

**Background :** The Institute for Advanced Composites Manufacturing Innovation (IACMI), managed by the Collaborative Composite Solutions Corporation (CCS), is a partnership of industry, universities, national laboratories, and federal, state and local governments working together to benefit the nation's energy and economic security by sharing existing resources and co-investing to accelerate development and commercial deployment of advanced composites. CCS is a not-for-profit organization established by The University of Tennessee Research Foundation. The national Manufacturing USA institute is supported by a \$70 million commitment from the U.S. Department of Energy's Advanced Manufacturing Office, and over \$180 million committed from IACMI's partners.
