Beaverton, Michigan will be showing off their substantial plastics heritage via the Catalyst Room and showcasing their community companies involved in the thermoforming industry. While the community is very small, the roots run deep in the plastics industry and in SPE.

The goal is to learn about the efforts undertaken on a regional basis in STEM and more specifically what's occurring in the Beaverton community and Beaverton schools in plastics, and how those efforts evolves into career training at Mid Michigan Community College and four year universities.

**Cost:** Free for, SPE Detroit Section board members, students and faculties.

**RSVP:** Ms. Karen Rhodes-Parker at [karen@spedetroit.com](mailto:karen@spedetroit.com) or call (248) 244-8920.
